November 1, 2000

H.R. 1235

An act to authorize the Secretary of the Interior to enter into contracts with the Solano County Water Agency, California, to use Solano Project facilities for impounding, storage, and carriage of nonproject water for domestic, municipal, industrial, and other beneficial purposes

As cleared by the Congress on October 27, 2000

CBO estimates that enacting H.R. 1235 would not have a significant impact on the federal budget. According to the Bureau of Reclamation, the authority that would be granted by H.R. 1235 would be used for transporting water to the city of Vallejo, California, from an existing storage facility. CBO estimates that this action would increase the cost of operating and maintaining the project by less than \$50,000 a year beginning in fiscal year 2001. These amounts would be subject to appropriation and would be reimbursed by the municipality in the year the costs are incurred. Payments from the city would be deposited in the Treasury as offsetting receipts (a credit against direct spending). CBO estimates that these receipts would be less than \$50,000 a year.

The CBO staff contact for this estimate is Megan Carroll. This estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.
